*This policy document provides cyber security liability coverage details for the insured.*

## SECTION II - CONDITIONS & EXCLUSIONS

1. MULTI-FACTOR AUTHENTICATION REQUIREMENT

It is a condition precedent to liability under this policy that the Insured shall enforce Multi-Factor Authentication (MFA) on all administrative user access accounts, remote network connections, and corporate email portals.

**Failure to enforce MFA globally shall completely void all Ransomware claims.**

2. BACKUP INTEGRITY POLICY

The Insured must maintain off-site, offline weekly backups of all critical databases. Backups must be tested monthly for integrity.

## SECTION III - CLAIMS & NOTICE PROCEDURES

In the event of a security breach or ransomware detection, the Insured must:

- Notify the Underwriter Claims Team within 24 hours of first discovery.

- Take immediate containment actions to isolate impacted endpoints.

- Retain an approved external forensics incident response investigator.
